

WAXNESS®

MATERIAL SAFETY DATA SHEET

Rev. 001 August 11, 2026

1. IDENTIFICATION OF THE PRODUCT AND OF THE COMPANY

Typology of the product: PRE-WAXING CLEANSING LOTION

Code: CL018808

Commercial name: COMPREHENSIVE BI-PHASE MICELLAR PRE-WAXING CLEANSING LOTION

Recommended use: Pre-wax skin cleansing. Shake well before use. For face, apply a small amount to a cotton pad and cleanse. For other body areas, apply to treatment area and remove with a cotton pad.

Company Identification: 1BEAUTY US LLC

Telephone number: (760) 636-6923, (760) 636-1641

Email: sales@waxness.com

2. COMPOSITION/INFORMATION ABOUT THE INGREDIENTS

Chemical identification: Cosmetic mixture composed of water, humectants, emollient oils, botanical extract and preservation system.

INCI formula: Water (Aqua), Propanediol, Vitis Vinifera (Grape) Seed Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Butylene Glycol, Glycerin, Glycolipids, Mineral Oil, Hamamelis Virginiana (Witch Hazel) Extract, Niacinamide, Panthenol, Phenoxyethanol, Sodium Hyaluronate, Aloe Barbadensis Leaf, Ethylhexylglycerin, Sodium Phytate, Lemongrass.

CAS NUMBER: Not applicable for the mixture as a whole. CAS numbers and concentrations of individual constituents are not available from the retail ingredient declaration.

EINECS NUMBER: Not relevant because this product is a mixture

3. HAZARDS IDENTIFICATION (DANGER ADVICE)

Classification of the substance or mixture: Not classified in this draft. A definitive CLP classification cannot be confirmed from the public ingredient list alone; the manufacturer must verify the final mixture classification under Regulation (EC) No 1272/2008 (CLP).

Likely routes of exposure: Eye contact, accidental ingestion, and repeated or prolonged skin contact during bulk handling.

Potential effects: Avoid contact with eyes. Do not use on damaged skin. Individuals with known sensitivity to cosmetic ingredients or botanical materials should discontinue use if irritation occurs.

WAXNESS®

Other information: The product is a cosmetic cleansing lotion intended for external use only. No artificial fragrance or colors are declared on the product page.

4. FIRST-AID MEASURES

Contact with skin: Rinse with water. Discontinue use if irritation occurs. Seek medical advice if symptoms persist.

Contact with eyes: Rinse cautiously with plenty of water for at least 10 minutes. Remove contact lenses if present and easy to do. Seek medical advice if irritation persists.

Swallowing: Rinse mouth. Do not induce vomiting. Contact a doctor or poison centre if unwell, especially if a significant amount has been swallowed.

Inhalation: Not expected under normal use. If mist or vapour causes discomfort, move the person to fresh air and keep at rest. Seek medical advice if symptoms persist.

5. ANTI-FIRE MEASURES

Suitable extinguishing media: Water. Carbon dioxide (CO₂).

Extinguishing media which must not be used for safety reasons: None in particular.

Special hazards arising from the substance or mixture. Do not inhale explosion and combustion gases. Burning produces heavy smoke.

Advice for fire-fighters: Use suitable breathing apparatus. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Move undamaged containers from immediate hazard area if it can be done safely.

6. MEASURE IN CASE OF ACCIDENTAL RELEASE

Personal precautions: Avoid eye contact. For large spills, wear protective gloves and eye protection. Prevent slips.

Environmental precautions: Prevent significant quantities from entering drains, surface water, ground water or soil.

Clean-up methods: Absorb with inert material, sand, earth or paper towels. Transfer waste to a suitable container and clean the affected area with water and detergent.

7. HANDLING AND STORAGE

Handling: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Storage: Store in cool, well ventilated area. Keep container tightly closed.

Keep away from heat and direct surfaces. Keep away from sources of ignition. Ensure lighting and electrical equipment are not a source of ignition.

WAXNESS®

8. EXPOSURE CHECK/PERSONAL PROTECTION

Exposure check: Do not apply product in eyes or damaged skin.

Respiratory protection: Recommended when manufacturing. Self-contained breathing apparatus must be available in case of emergency.

Eyes protection: Recommended when manufacturing.

Skin protection: Gloves recommended when manufacturing.

Engineering measures: Always follow good manufacturing practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Aspect: Bi-phase liquid lotion, visibly separated into two phases when settled (shake before use).

Color: Yellow upper phase and pale yellow/translucent lower phase when settled; appears yellow after shaking.

Odor: Characteristic fragrance

pH: Not determinable

Boiling Point: Not determined

Flash Point: NA

Flammability limits %: NA

Solubility in organic solvent: soluble

VOC: Not determined

10. STABILITY AND REACTIVITY

Conditions to avoid: Keep away from extreme heat and sources of ignition.

Incompatibility with other substances: None known

Hazardous Decomposition products: In combustion emits toxic fumes of carbon dioxide / carbon monoxide.

11. TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

The product is not dangerous for the environment if used in accordance with the working procedures, avoiding to disperse the product in the environment.

WAXNESS®

13. DISPOSAL CONSIDERATIONS

Waste treatment methods. Recover if possible. In so doing, comply with the local and national regulations currently in force.

14. TRANSPORT INFORMATION

This product is not regulated as dangerous goods for transport under ADR, RID, IMDG, or IATA regulations.

15. REGULATORY INFORMATION

Safety, health and environmental regulations applicable to this cosmetic product include:

- Regulation (EC) No. 1907/2006 (REACH)
- Regulation (EC) No. 1272/2008 (CLP)
- Regulation (EU) 2020/878 (SDS requirements, where applicable)
- Regulation (EC) No. 1223/2009 on Cosmetic Products

This product is not classified as hazardous according to applicable CLP criteria.

16. OTHER INFORMATION

Other information: This safety data sheet is prepared in accordance with EC Directive 2001/58/EC.

Legal disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This company shall not be held liable for any damage resulting from handling or from contact with the above product.

This is not a specification and customers should satisfy themselves as to the completeness of information for their own particular use.

Method of use: Follow the instructions written in the packaging or in the enclosed leaflet. Avoid all methods of use which are not indicated in the instruction leaflet

Norms of behavior: The beautician must inform the consumer about the message contained in the precautions and warnings, both for contraindications and allergic reactions.
