## MATERIAL SAFETY DATA SHEET

**Product Name:** Jelly Peel-Off Mask Powder

**Product Type:** Cosmetic Facial Mask (Powder – add water before use)

**Revision Date:** February 20, 2026

**Prepared According to:** GHS (Globally Harmonized System) / OSHA Hazard Communication Standard (29 CFR 1910.1200)

### 1. IDENTIFICATION OF THE PRODUCT AND OF THE COMPANY

**Product Identifier:** Jelly Peel-Off Mask Powder

**Commercial name:** Jellyness Chamomile Jelly Mask

**Code:** SKU018224

**Recommended Use:** Cosmetic facial treatment mask

**Restrictions on Use:** For external use only

**Company Identification:** 1BEAUTY US LLC

**Telephone number:** (760) 636-6923, (760) 636-1641

**Email:** [sales@waxness.com](mailto:sales@waxness.com)

### 2. HAZARD(S) IDENTIFICATION

#### Classification (GHS)

Not classified as hazardous under normal cosmetic use conditions.

#### Potential Hazards

- Dust inhalation: May cause mild respiratory irritation.
- Eye contact: Dust may cause mechanical irritation.
- Skin contact: Generally non-irritating; sensitive individuals may experience mild irritation.
- Ingestion: Not intended for ingestion; may cause mild gastrointestinal discomfort.

#### GHS Label Elements

- Signal Word: None required
- Hazard Statements: None required under normal cosmetic use
- Precautionary Statements:
  - Avoid breathing dust.
  - Avoid contact with eyes.
  - Use in well-ventilated area.
  - Keep out of reach of children.

Algin	Algin	Gelling agent
Pectin	Pectin	Thickener
Calcium Alginate	Calcium Alginate	Gelling agent, setting agent
Betaine	Betaine	Humectant, skin conditioning
Trehalose	Trehalose	Humectant
Tetrasodium Pyrophosphate	Tetrasodium Pyrophosphate	Chelating agent, stabilizer

All ingredients are cosmetic grade.

## 4. FIRST-AID MEASURES

**Inhalation:** Move to fresh air. If irritation persists, seek medical advice.

**Eye Contact:** Rinse cautiously with water for several minutes. Remove contact lenses if present. Continue rinsing. Seek medical attention if irritation persists.

**Skin Contact:** Wash with water. Discontinue use if irritation develops.

**Ingestion:** Rinse mouth with water. Do not induce vomiting. Seek medical advice if discomfort occurs.

## 5. FIRE-FIGHTING MEASURES

**Suitable Extinguishing Media:** Water spray, dry chemical, CO<sub>2</sub>, foam.

**Specific Hazards:** Combustion may produce carbon oxides.

**Protective Equipment for Firefighters:** Standard protective equipment and self-contained breathing apparatus.

## 6. MEASURE IN CASE OF ACCIDENTAL RELEASE

**Personal Precautions:** Avoid generating dust. Wear appropriate PPE.

**Environmental Precautions:** Prevent large quantities from entering drains.

# JELLYNESS

**Methods for Cleanup:** Sweep or vacuum material. Avoid creating dust. Dispose according to local regulations.

## 7. HANDLING AND STORAGE

### Handling:

- Avoid breathing dust.
- Avoid eye contact.
- Use appropriate ventilation.

### Storage:

- Store in a cool, dry place.
- Keep container tightly closed.
- Protect from moisture.

## 8. EXPOSURE CHECK/PERSONAL PROTECTION

### Occupational Exposure Limits

- Silica (amorphous): Follow local occupational exposure limits for nuisance dust.
- Diatomaceous Earth: Observe dust exposure guidelines.

**Engineering Controls:** General ventilation recommended.

### Personal Protective Equipment (Bulk Handling Only)

- Respiratory Protection: Dust mask (NIOSH-approved) if ventilation insufficient.
- Eye Protection: Safety glasses.
- Skin Protection: Protective gloves if handling bulk quantities.

(Not typically required for consumer cosmetic use.)

## 9. PHYSICAL AND CHEMICAL PROPERTIES

**Appearance:** Fine powder (forms jelly mask when mixed with water)

**Color:** Light yellow to golden beige

**Odor:** Mild

**pH (when mixed with water):** ~5.5–7.5

**Solubility:** Dispersible in water

**Flash Point:** Not applicable

**Auto-Ignition Temperature:** Not determined

## 10. STABILITY AND REACTIVITY

**Reactivity:** Not reactive under normal conditions

# JELLYNESS

**Chemical Stability:** Stable under recommended storage conditions

**Conditions to Avoid:** Excess moisture

**Incompatible Materials:** Strong acids, strong oxidizers

**Hazardous Decomposition Products:** Carbon oxides upon combustion

## 11. TOXICOLOGICAL INFORMATION

**Acute Toxicity:** Not classified

**Skin Irritation:** Not expected under normal use

**Eye Irritation:** Dust may cause mechanical irritation

**Sensitization:** Not expected

**Chronic Effects:** None known under intended cosmetic use

## 12. ECOLOGICAL INFORMATION

Not expected to pose significant environmental hazard when used as intended.

Avoid large uncontrolled releases into waterways.

## 13. DISPOSAL CONSIDERATIONS

Dispose of in accordance with local, regional, and national regulations.

Small quantities may be disposed of with normal waste.

## 14. TRANSPORT INFORMATION

Not regulated as hazardous for transport (DOT, IATA, IMDG).

## 15. REGULATORY INFORMATION

This product is a cosmetic and is not classified as hazardous under:

- OSHA Hazard Communication Standard
- GHS criteria (as supplied)

Ensure compliance with:

- FDA Cosmetic Regulations (U.S.)
- EU Cosmetic Regulation (EC) No 1223/2009 (if applicable)

## 16. OTHER INFORMATION

This SDS is provided for informational purposes for bulk handling and manufacturing environments. The finished cosmetic product, when used as directed, is not expected to present significant hazards.
