

MATERIAL SAFETY DATA SHEET

Rev. 001 date July 25, 2026

1. IDENTIFICATION OF THE PRODUCT AND OF THE COMPANY

Typology of the product: Cosmetic exfoliating sugar scrub

Code: SKU018824

Commercial name: Kaz Ingrown Hair Exfoliating Sugar Scrub Vanilla

Company Identification: 1BEAUTY US LLC

Telephone number: (760) 636-6923, (760) 636-1641

Email: office@1beauty.us

2. COMPOSITION/INFORMATION ABOUT THE INGREDIENTS

Chemical identification: Cosmetic mixture composed primarily of sugar, vegetable oils and botanical ingredients.

INCI formula: Sucrose (Sugar), Vitis Vinifera (Grape) Seed Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Caprylic/Capric Triglyceride, Copaifera Reticulata Resin Oil, Vanillin, Citrus Aurantium Dulcis (Orange) Peel Oil, Melaleuca Alternifolia (Tea Tree) Leaf Oil.

CAS NUMBER: Not relevant because this product is a mixture

EINECS NUMBER: Not relevant because this product is a mixture

3. HAZARDS IDENTIFICATION (DANGER ADVICE)

Classification of the substance or mixture:

Following regulation 1272/2008/CE (GHS/CLP): No specific hazards are encountered under normal product use.

According to Regulation (EC) No. 1272/2008 (CLP), this cosmetic product is not classified as hazardous under normal conditions of use.

The product is intended for external cosmetic use only. Avoid contact with eyes.

Do not apply on broken, severely irritated or infected skin.

Individuals with known sensitivity to essential oils or fragrance components should discontinue use if irritation develops.

kaz

4. FIRST-AID MEASURES

Contact with skin: Product is designed for topical skin application; if irritation occurs, discontinue use and rinse with water.

Contact with eyes: Wash abundantly with water for at least 10–15 minutes. If inflammation or traces of lesions persist, seek medical attention.

Swallowing: Rinse mouth with water. Do not induce vomiting. Seek medical advice if discomfort persists.

Inhalation: Not expected under normal use. If irritation occurs after accidental inhalation of vapors or aerosolized particles during bulk handling, move person to fresh air and seek medical advice if symptoms persist.

Most important symptoms and effects: Possible mild eye irritation on direct contact. Prolonged or excessive skin exfoliation may cause redness or mild irritation in sensitive individuals.

5. FIRE-FIGHTING MEASURES

Recommended extinguishers: Water spray, alcohol-resistant foam, dry chemical powder or carbon dioxide (CO₂).

Forbidden extinguishers: Do not use a direct water jet on large fires involving oil-containing materials, as it may spread the burning material.

Risks from combustion: The product is not considered highly flammable under normal storage conditions. In case of fire, thermal decomposition may produce carbon monoxide (CO), carbon dioxide (CO₂), smoke and irritating fumes.

Protection means: Firefighters should wear appropriate protective clothing and self-contained breathing apparatus (SCBA) when fighting large fires.

6. MEASURE IN CASE OF ACCIDENTAL RELEASE

Individual precautions: Avoid contact with eyes; use normal hygiene precautions when cleaning large spills.

Environmental-precautions: Keep significant quantities away from surface/ground water, drains and soil because the oily scrub may make surfaces slippery and should not be discharged in large amounts into the environment.

Cleansing Method: Scoop or absorb product with inert material such as paper, cloth, sand, or earth and place into suitable containers for disposal. Wash the spill area with large amounts of water after bulk material is removed.

7. HANDLING AND STORAGE

Handling:

kaz

- Handle in accordance with good cosmetic and hygiene practices.
- For external use only.
- Avoid contact with eyes and mucous membranes.
- Do not use on broken, irritated, or freshly traumatized skin.
- No special handling precautions are required under normal use.

Storage:

- Store in a cool, dry place, away from direct sunlight and heat sources.
- Keep container tightly closed when not in use.
- Store at temperatures below 25°C (77°F) for optimal stability.
- Keep out of reach of children.

8. EXPOSURE CHECK/PERSONAL PROTECTION

Exposure check: No special exposure controls are required for normal consumer use. Avoid eye contact.

Respiratory protection: Not required under normal conditions of use.

Eyes protection: Safety glasses recommended only during industrial manufacturing or bulk handling.

Skin protection: Not required during intended cosmetic use.

Protective gloves are recommended during manufacturing or bulk filling operations.

Engineering measures: Use good manufacturing and hygiene practices. Wash hands after handling large quantities of product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Aspect: Semi-solid exfoliating sugar scrub

Colour: Off-white to light beige

Odour: Characteristic vanilla fragrance with botanical notes.

pH: Not applicable (anhydrous cosmetic product)

Boiling point: Not applicable

Melting point: Not determined

Flash point: Not determined

Flammability: Product is combustible under fire conditions.

Explosive properties: None known

Oxidising properties: None known

Relative density: Not determined

Water solubility: Partially dispersible in water (sugar dissolves; oils are insoluble)

kaz

Solubility in organic solvents: Oils soluble in suitable organic solvents.

VOC: Not applicable

10. STABILITY AND REACTIVITY

Conditions to avoid: Excessive heat, direct sunlight, and contamination during use.

Incompatibility with other substances: Strong oxidizing agents.

Hazardous Decomposition products: In combustion emits toxic fumes of carbon dioxide / carbon monoxide.

11. TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

Individuals sensitive to fragrance components or essential oils may experience temporary skin irritation.

Additional information on toxicological endpoints is available from the supplier upon request.

Direct eye contact may cause irritation, and repeated excessive exfoliation may cause temporary skin irritation or dryness.

12. ECOLOGICAL INFORMATION

The product is not expected to present a significant hazard to the environment when used as intended.

Avoid uncontrolled release of large quantities into surface water, drains or soil.

The vegetable oils contained in the product are biodegradable; however, disposal into the environment should be minimized.

Dispose of product and packaging responsibly in accordance with local environmental regulations..

13. DISPOSAL CONSIDERATIONS

DISPOSAL METHOD: Dispose of unused product, residues and contaminated packaging in accordance with applicable federal, state and local regulations.

Do not discharge large quantities into drains or natural waterways.

Empty containers should be recycled whenever possible.

14. TRANSPORT INFORMATION

Do not apply the norms that regulate the transport of dangerous goods.

kaz

15. REGULATORY INFORMATION

This product is not regulated by this classification.

The regulatory information above indicates the principal regulations specifically applicable to the product described in the safety data sheet, and attention should be given to any additional national, international, or local provisions.

16. OTHER INFORMATION

Other information: This safety data sheet is prepared in accordance with EC Directive 2001/58/EC.

Legal disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This company shall not be held liable for any damage resulting from handling or from contact with the above product.

This is not a specification and customers should satisfy themselves as to the completeness of information for their own particular use.

Method of use: Follow the instructions written in the packaging or in the enclosed leaflet. Avoid all methods of use which are not indicated in the instruction. Do not use immediately after waxing on damaged or irritated skin unless directed by a skincare professional.

Norms of behavior: The beautician must inform the consumer about the message contained in the precautions and warnings, both for contraindications and allergic reactions.
